## 'UNFAIR' SAYS CARTER OF WILSON

When You Agree With the President He Is With You, But If You Disagree He Becomes an Intolerable Opponent of Everything You May Wish to Propose, Says Former Governor.

### THE BROKEN APPOINTMENT

Unofficial Representative of Hawaii Sailed Yesterday from San Francisco, After Giving His Candid Opinion About the President and the Insidious Lobby Charges.

(By Federal Wireless Telegraph.)  
SAN FRANCISCO, June 26.—(Special to The Advertiser)—Former Governor G. R. Carter, of Hawaii, accused by President Wilson of being an insidious lobbyist against the Underwood Tariff Bill, returned from Washington yesterday with his family and sailed for home today.

"One of the largest mass meetings ever held in Honolulu, by resolutions selected me to go to Washington in the interest of Hawaii's sugar industry," said Carter. "When I got there and attempted to see the President, after he had given an audience to the Porto Rican delegation, his secretary told me that I might as well abandon my purpose, for he explained that Wilson already had made up his mind on the sugar tariff."

"I told the secretary that if I could not see Wilson as a representative of the people of Hawaii, then I would demand to see him as a citizen of the United States, which I am. This brought about an appointment for me with the President, but he refused to keep it."

"Meanwhile the President had made his published charge against me of being an insidious lobbyist."

"I freely admitted to the senate committee that we had spent perhaps \$80,000 in Washington and regretted that it had not been \$500,000 in the defense of the American sugar industry. We used that money on display articles in the newspapers and magazines."

"President Wilson is unfair. If you agree with his ideas he is with you, and if you don't he is an intolerable opponent of anything you propose."

A NEW LOBBY STUNT.  
WASHINGTON, June 26.—(By Associated Press Cable to Star-Bulletin).—The senate lobby investigation committee is today preparing to investigate charges that impersonators of congressmen, or men claiming to speak for congressmen, have been soliciting financial support from Wall Street, claiming they were able to peddle the influence of the members of either house.

There is a well defined movement in the senate now to place all table products on the free list.

## CAUCUS HAS NOT YET BOUND ALL SENATORS

Vote on Sugar Schedule Stood Forty-one to Six—Same Vote on Wool.

(By Federal Wireless Telegraph.)  
WASHINGTON, June 26.—(Special to The Advertiser)—The sugar schedule, as reported by the majority members of the senate finance committee and practically as it passed the house, was approved in the caucus by a vote of forty-one to six.

Free raw wool, as admitted by the majority and just as it passed the house, swept the senate caucus by the same vote of forty-one to six. The six Democratic senators who voted against free sugar were Hitchcock of Nebraska, Newlands of Nevada, Bland of New Jersey, Borah of Idaho, Shafroth of Colorado and Walsh of Montana.

The six who opposed free raw wool were Chamberlain and Newland, Ransdell, Thornton, Shafroth and Walsh. No attempt was made to bind the members to the action of the caucus and the question will come up when the entire bill has been passed upon.

"There was no negligence regarding the lookout on the ship, but there was negligence in not reducing speed. There is not sufficient evidence to show if the message from the steamer Mesala, reporting ice, reached a responsible officer of the Titanic."
